

Top 10 Pilot Errors

From One of the most disturbing statistics about general aviation accidents is that more than 75% of them are made because of pilot error. The top 10 pilot errors have remained the same for decades, only changing positions on the list. It's unlikely that pilots are going away anytime soon, the solution comes in the form of prevention. Join us to examin the errors and arm yourself with the information to keep yourself from becoming a stastic.

Directions: Fly In-Park at Main Terminal - Seminar will be held upstairs in the Global Pilot Academy classroom.
Drive In-Park at the Main Terminal - Seminar will be held upstairs in the Global Pilot Academy classroom.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
